

The Power of Rural

Wednesday, May 16 - Thursday, May 17, 2018

This year's annual conference will focus on Meeting the needs of Rural and Frontier Communities through evidence, partnership, and quality.

We have a dynamic lineup of National, Regional, and State speakers presenting on topics that impact our communities.

FOLLOWING THE CONFERENCE JOIN THE WYOMING ASSOCIATION OF DIABETES EDUCATORS FOR:

Diabetes Boot Camp

Thursday, May 17, from 12:30 - 5:15pm

For more information, including [conference and boot camp agendas](#) [Click here](#)

[Register here](#) for the conference and/or [Diabetes Boot Camp](#)

Conference will be held at the Ramkota Hotel and Conference Center Casper, WY

Hotel rooms will be offered at the discounted rate of \$79 per night on a first come first serve basis. To reserve your room call 1(307)266-6000 and tell them you are with the WYPCA conference. You will need to supply a credit card number when you make your reservation.

Learning objective: To identify trends and tools related to prevention, diabetes and pain management; to allow clinicians to provide evidenced based best practice. This conference is designed for all levels of health care professionals that care for clients with chronic disease, pre-diabetes, diabetes and pain management; including physicians, mid-levels, nursing, dieticians, and pharmacists. This knowledge-based program provides a total of 8 contact hours of continuing credit for nurses, pharmacists and dieticians. See full agenda for details on obtaining continuing education credit. For further information contact Dian True at dian.true@gmail.com or Kathy Johnson @ kathy@wypca.org.

This project is supported by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) under cooperative agreement number U58CS06849, Wyoming Primary Care Association in the amount of \$631,548 with 10% of the total project financed with nongovernmental sources. This information or content and conclusions are those of the author and should not be construed as the official position or policy of, nor should any endorsement be inferred by HRSA, HHS, or the U.S. Government.
